

All Healthcare Decisions Should Be Data-Informed

Health Catalyst is a leading provider of data and analytics technology and services to healthcare organizations, committed to being the catalyst for massive, measurable, data-informed healthcare improvement.

Health Catalyst Delivers Results Using These Core Solutions:

The Health Catalyst data platform is healthcare-specific, flexible, and extensible, allowing you to organize disparate data sources into a unified source of truth, confidently scaling your analytics productivity.

Applications, analytics tools, and interoperability optimized to identify and improve the most important clinical, financial, operational, and shared-risk opportunities within any health organization.

Professional services proven to help systematically structure, prioritize, and deploy continuous improvement processes across organizations for meaningful, lasting outcomes.

Our cloud-based data platform is powered by data from more than **100 million** patients and encompasses **trillions** of facts.

REPRESENTATIVE CLIENTS

Real Results

Health systems have improved care and saved millions in costs with Health Catalyst solutions:

- \$1.6 billion in validated measureable improvements.
- 5.6 million lives positively impacted.
- 3 million care gaps closed.
- 45.3% relative reductions in severe sepsis mortality rate.
- \$14.9 million reduction in denials and avoidable write-offs.
